Advance Directives

You have the right to information regarding Advance Directives and this facility's policy on Advance Directives. Applicable state forms will be provided upon request.

The surgery center is not an acute care facility; therefore, regardless of the contents of any advanced directive or instructions from a health care surrogate, if an adverse event occurs during treatment, patients will be stabilized and transferred to a hospital where the decision to continue or terminate emergency measures can be made by the physician and family. If they have been provided to the surgery center, a copy of the patient's Advanced Directives will be sent to the acute care facility with the patient.

Due to the nature of the procedures performed at this ambulatory facility, the following statement of limitations has been adopted by the Governing Board:

- Due to the inherent limitations of an ASC, the Center does not have appropriate staff, equipment and other resources as needed to fully comply with all Advance Directives that a patient may present. In light of these limitations, the Center believes it would violate the facility conscience to carry out such requests; therefore, in the event of deterioration in a patient's condition, WestGlen Endoscopy Center will attempt to resuscitate a patient and transfer that patient to a hospital at which the Advance Directives can be followed.

If the patient or patient's representative wants their Advance Directives to be honored, the patient will be offered care at another facility that will comply with those wishes.

Rights and Respect for Property and Person

The patient has the right to:

- Exercise his or her rights without being subjected to discrimination or reprisal.
- Voice a grievance regarding treatment or care that is, or fails to be, furnished.
- Be fully informed about a treatment or procedure and the expected outcome before it is performed.
- Confidentiality of personal medical information

Complaints/Grievances: If you have a problem or complaint, please speak to one of our staff to address your concern. If necessary, your problem will be advanced to center management for resolution. You have the right to have your verbal or written grievances investigated and to receive written notification of actions taken.
