Your physician has arranged for you to have your gastrointestinal procedure at Triangle Endoscopy Center. We hope to make your experience as pleasant and convenient as possible. As such, we are providing you with important information to make your experience less stressful.

- ❖ You may be called prior to your procedure to review your pertinent financial information. **Depending on the co-pay and deductible requirements of your insurance plan, we may be obligated to collect payment for the facility fee.** This fee encompasses costs related to use of the procedure and recovery rooms, nursing and technical staff, medical equipment, and medications. This does not include physician or pathology fees which are billed to your insurance company separately from Triangle Endoscopy Center.
- ❖ **We accept cash, check, Visa or MasterCard, as payment and Care Credit a healthcare credit card offered through GE Financial for those that qualify.**
- ❖ **Please bring with you a copy of your most current insurance card and a list of your current medications.**
- ❖ Because you will receive conscious sedation for your procedure, you will be required to have a driver. **Your driver must remain at the facility for the duration of your stay. We may not perform your procedure if a responsible driver is not present.** Please allow **at least 2.5 hours** total time at the facility (from registration to discharge). **Space is limited** in the waiting room so please limit the number of family and/or friends to one for their comfort.
- ❖ Should other arrangements be necessary, please call the nurse manager at 919-544-4887 in advance of your procedure date.
- ❖ **DO NOT eat or drink for at least 4 hours prior to your procedure, unless your physician has specifically instructed you to do otherwise.**
- ❖ We offer a coffee/tea station, snack and drink machine, and free wireless internet service for your personal laptop computers.
- ❖ **Directions:** Can be found on our website and in your packet from the doctor's office.

We thank you for giving us the opportunity of caring for you during your procedure. Contact us with any concerns that you or your family may have concerning your visit.
