MAKE THE MOST OF YOUR SURGERY BY FOLLOWING THESE SIMPLE STEPS.

HAVING SURGERY

- **It is important that you register for your surgery online within 24 hours of scheduling your surgery.** Go to MontgomeryEyeSurgery.com and click on Patient Registration. Your password is MESC334NEW. Fill in your medical history as thoroughly as possible. We will call you if we have any questions or concerns.
- Wear comfortable, casual clothing that buttons down the front. Do not wear fingernail polish, make-up, lotion, perfume, aftershave, or jewelry.
- Leave all your valuables at home.
- The evening before surgery, please do not eat anything after midnight. If your surgery is performed after 12 noon, you may have tea, water and toast no later than 6 a.m. the morning of your surgery. Please avoid alcohol for 24 hours before and after your surgery.
- Please arrange for someone to take you home after surgery. You will not be allowed to leave the surgery center unescorted, and you may not drive yourself home. You may use public transportation only if an adult accompanies you.
- Please call your medical doctor and discuss your blood thinner medication. If you use an inhaler, we encourage you to bring it with you the day of surgery. The nurse will discuss diabetic and other medications with you in the preoperative phone call.

WHEN YOU ARRIVE

- You or your legal guardian/power of attorney will be asked to sign a consent form to authorize your procedure if this has not been done prior to your arrival. Proof of legal guardianship or power of attorney is required.
- Please check-in with the receptionist upon arrival. Your current insurance card/Medicare card and picture ID will be copied and returned to you.
- Any co-pay or deductible will be due the day of surgery.
- A sedative medication will be given to help you relax and make you feel more comfortable.
- Your family member/driver must wait in our waiting area until your procedure is completed, at which time they will be given oral and written discharge instructions.
- **IMPORTANT:** Surgery will not be started without a family member present in the facility.

BILLING AND INSURANCE

- If you have questions, please feel free to call our billing office at 334-481-2850 (option 1).
- You will receive three separate bills for the services provided, including physician services, facility fee and anesthesia.
- Self-pay patients are welcome at our center. As with insured patients, we will be happy to discuss payment arrangements with you.

AT HOME AFTER SURGERY

- Do not drive, rub eyes, exercise or lift over 20 lbs. for the first 24 hours after surgery.
- With the exception of alcohol, you may continue your normal diet.
- As a general rule, all activities are okay one week after surgery.
- Use eye medications as labeled and resume all other medications as prescribed.

Providing excellent service is a high priority at Montgomery Eye Surgery Center. The goal of each and every staff member is to provide our patients with a high quality, comfortable, and relaxing visit. We would appreciate it if you would complete our patient satisfaction questionnaire after your visit. Your comments are important to us.
