

## Welcome to Eagle Eye Surgery and Laser Center

You have been scheduled for surgery at Eagle Eye Surgery and Laser Center. Our goal is to give you the best care possible. To do that, we would like to give you the following information.

- Please read all the information that is given to you. If forms are enclosed with this letter, please fill them out and bring them with you. Please bring your insurance cards so we can make a copy of those.
- If you have not met your deductible, you should expect to pay that at the time of service.
- You will be asked to give some of the same information and sign the same forms you provided in your physician office. Each facility is expected to have original signatures and forms in their own records. Thank you for your understanding.
- If you are going to be sedated for your procedure, you will need to bring a responsible adult with you designated to receive instructions with you and provide for your transportation. **Your driver should be prepared to wait in the clinic lobby for the duration of your procedure.** Please **do not** bring small children with you, as we do not have accommodations for their care and comfort. Space is limited. Please do not bring more than 2 people with you.
- Please provide the surgery scheduler your contact number the day of surgery. There are times that the arrival times need to be adjusted and we need to reach you right away.
- If you have been given eye drops, please bring them with you to surgery.
