SURGERY CENTER OF SOUTH BAY

Mission

Our mission is to provide quality outpatient health care with respect to our patients, staff and community with positive outcomes in the most safe and cost-effective manner.

Vision

The Surgery Center of South Bay will provide a convenient, safe and cost-effective alternate to inpatient surgery and hospital outpatient surgery by assuring optimal levels of patient care through the preoperative, intra-operative and post-operative periods of the patients care.

Values

We provide a work environment based on teamwork, cooperation and continuous improvement. We encourage suggestions from employees, patients, physicians and all that come in contact with our facility.

We demonstrate behaviors reflecting our core values of compassion, excellence, human dignity and justice.

Compassion: Our commitment to serve with kindness and sensitivity.

Excellence: Our commitment to be the best in the quality of our services and the responsible management of our resources.

Human Dignity: Our commitment to be respectful of all persons.
